ShurLok

Key Storage Lock Box

Store Your Key- Security, Convenience, Peace of Mind

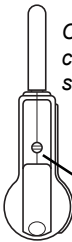

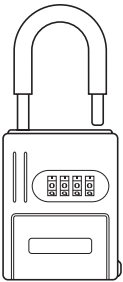

INNOVATION

Features

- Secure- up to 10,000 combinations possible
- Durable- all-metal construction (no plastic buttons or dials)
- Easy to use- so easy that a child that can read numbers can use it.
- Can be recombined in seconds
- **Zero Locking**- Open ShurLok in dark by rolling the dials down instead of up until they lock on "0's"
- Mount anywhere with bracket accessory
- Opens first time every time
- Hardened steel shackle
- Rust proof- Internal working parts are solid brass with chrome plated dials
- 1 Year Warranty

Set your own combination

The combination can be changed in seconds -- without special tools or disassembly. Changing the shackle combination also automatically changes the combination for the sliding key storage door.

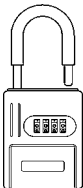

10,000 Combinations Possible!

Changing the combination for the shackle only takes a few seconds with a simple turn of the change button.

Change Button

Using the ShurLok

After you set your own combination, you can then hang the **ShurLok** on a door knob, fence, etc. or any surface with the mounting bracket accessory. Give the key storage combination to the individual you want to have access to the key. You can reset the combination at any time.

One combination opens the shackle and a different combination you give someone else opens up the key storage compartment.

Why ShurLok is Better:

- **Better Quality**- All metal body with no plastic dials or buttons that are subject to weather and wear.
- **No front cover** to fall off or "walk away"
- **More secure**- 10,000 possible combinations. Far superior to the punch buttons which have very few possible combinations.
- One number off? No **starting all over** in front of your clients. Just fix the one wrong number!
- **Easier to reset combination**- You do not need to be a mechanic as with other lock boxes.
- Lessen the likelihood of stolen lock boxes. You have your own combination to the shackle instead of a lever that anyone can release.
- **Better Quality at a Better Price.** Check out the ShurLok today to discover why we are the Professional's Choice for Realtor Mechanical Lock Boxes

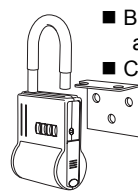

ShurLok was developed by a realtor for realtors

Tested and overwhelmingly approved by hundreds of members of the Handy Man Club.

Also: Winner of the "National Locksmith Magazine Readership Award" Accessories

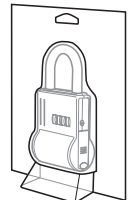

- Bracket for mounting to virtually any surface
- Cable packs for locking bicycles

Mounting Bracket

An accessory bracket can be mounted to almost any surface which adds flexibility of where the **ShurLok** can be placed.

Packaging

The innovative clam shell design allows the **ShurLok** to stand on its own or hang from a hook.
